

# GRAIN DRYING, HANDLING, AND STORAGE HANDBOOK

MWPS-13 THIRD EDITION

*Dirk Maier*  
*Samuel McNeill*  
*Kenneth Hellevang*  
*Kingsly Ambrose*  
*Klein Ileleji*  
*Carol Jones*  
*Mark Purschwitz*

Third edition, 2017

Library of Congress Cataloging-in-Publication Data

Names: Maier, Dirk (Dirk E.), author. | Midwest Plan Service, issuing body.

Title: Grain drying, handling, and storage handbook / Dirk Maier, Samuel McNeill, Kenneth Hellevang, Kingsly Ambrose, Klein Ileleji, Carol Jones, Mark Purschwitz.

Description: Third edition. | Ames, Iowa : MidWest Plan Service, Iowa State University, 2017. | "MWPS-13." | Includes bibliographical references and index.

Identifiers: LCCN 2017029322 | ISBN 0893731102 (pbk. : alk. paper)

Subjects: LCSH: Grain--Handling--Handbooks, manuals, etc. | Grain--Drying--Handbooks, manuals, etc. | Grain--Storage--Handbooks, manuals, etc.

Classification: LCC SB189.7 .M25 2017 | DDC 633.1/0468--dc23 LC record available at <https://lcn.loc.gov/2017029322>

The last number is the print number  
10 9 8 7 6 5 4 3 2 1

MWPS would like to thank the following reviewers for providing support to this project:

#### CHAPTER REVIEWERS

Tom Brumm, Iowa State University, Chapter 5  
Carlos Campabadal, Kansas State University, Chapter 3  
Michael Goetz, Gateway Building Systems, Chapter 2  
John Lawrence, Kansas State University, Chapter 7  
Ron Noyes, Grain Storage Engineering, LLC, Chapters 3, 4, and 5  
Randy Pooch, Sukup Manufacturing Co., Chapter 4  
Charles Schwab, Iowa State University, Chapter 6  
Steve Waechter, Sukup Manufacturing Co., Chapter 4  
Gary Woodruff, The GSI Group, Chapters 1 and 5  
Darren Zink, Brock Grain Systems, Chapter 2

#### BOOK REVIEWERS

Dirk Maier, Iowa State University  
Kenneth Hellevang, North Dakota State University  
Carl Bern, Iowa State University

#### FUNDING

This edition was in part funded by a grant from The Andersons Inc. (Research Grant Program) administered by The Ohio State University through the NC-213 Multi-state collaborative research project.

MWPS would like to thank the following people for providing support to this project:

John Moore, Editor, Biddeford, ME  
Letitia Wetterauer, Illustrator, Alpine, TX

#### DISCLAIMER

Mention of a trademark, propriety product, or commercial firm in text, tables, or figures does not constitute an endorsement by Iowa State University or the publisher and does not imply approval to the exclusion of other suitable products or firms.

# CONTENTS

FOREWORD, v

## CHAPTER 1 PLANNING GUIDELINES, 1

Planning for Safety, 2  
Long-Range Planning, 2  
Planning for Grain Quality, 3  
    *Damage from Drying*, 3  
    *Drying Temperature Recommendations*, 3  
    *Damage from Handling*, 4  
    *Damage during Storage*, 4

## CHAPTER 2 LOCATING AND DEVELOPING A GRAIN CENTER, 5

Expansion or New, 5  
Central or Scattered Sites, 6  
Site Selection, 6  
    *Space Requirements*, 6  
    *Drainage*, 7  
    *Soil*, 7  
    *Snow and Ice*, 7  
    *Wind*, 7  
    *Noise*, 7  
    *Traffic*, 7  
    *Roads*, 7  
    *Security*, 8  
    *Lighting*, 8  
    *Electrical Service*, 8  
    *Cleaning Equipment*, 9  
    *Bins*, 9  
    *Dryers*, 10  
    *Fuel Storage*, 10  
    *Weigh Scale*, 10  
    *Management Building*, 10  
    *Grain and Feed Center*, 10  
Arrangement and Layout, 12  
    *Rough Sketching*, 12  
    *Scale Drawing*, 13  
    *Staking*, 18  
    *Evaluate the Plan*, 18  
Selecting Equipment Suppliers and  
Contractors, 20

*Plans, Specifications, and Contracts*, 20  
*Consulting Engineers*, 21

## CHAPTER 3 GRAIN HANDLING, 23

Convenient Grain Handling, 23  
    *Equipment Alternatives*, 23  
Grain Conveying Capacity, 25  
Grain Handling Components, 26  
    *Grain Receiving*, 26  
    *Grain Receiving Capacity*, 28  
    *Roof Conveyors*, 30  
    *Grain Spreaders*, 31  
    *Grain Cleaning*, 32  
    *Grain Loadout*, 32  
    *Grain Bin Cleanout–Sweep Unloaders*, 34  
    *Grain Bin Cleanout–Chain-Paddle  
    Unloaders*, 35  
    *Grain Impact and Velocity*, 35  
Grain Conveying Equipment, 37  
    *Auger Conveyors*, 38  
    *Belt Conveyors*, 41  
    *Bulk- or Mass-Flow Conveyors*, 41  
    *Flight Conveyors*, 42  
    *Bucket Elevators*, 42  
    *Pneumatic Conveyors*, 47

## CHAPTER 4 GRAIN DRYING, 51

Drying System Capacity, 51  
Fans, 52  
    *Fan Noise*, 52  
    *Fan Selection*, 52  
Heaters, 58  
    *Condensation Problems*, 59  
    *Moisture Testing*, 59  
Grain Conveyors and Grain Cleaners, 60  
Holding Wet Grain, 60  
Drying Systems, 62  
    *Natural-Air/Low-Temperature (NA/LT)  
    Bin Dryers*, 62  
    *High-Temperature Bin Dryers*, 64

High-Temperature Self-Contained Dryers, 69  
Grain Cooling, 74  
  In-Bin Cooling, 75  
  Dryeration—Batch Tempering Cooling Systems, 76  
  Alternative Dryeration Hopper-Bin Management Systems, 77  
  Dryeration—Continuous-Flow Tempering/Cooling Systems, 80  
  Combination High-Temperature/Low-Temperature Drying, 81  
Relative Costs and Capacities of Drying Systems, 81

## **CHAPTER 5 GRAIN STORAGE, 83**

Selecting Grain Storage, 83  
  Round Metal Bins, 83  
  Flat Storage Structures, 85  
  Existing Buildings and Structures, 88  
Remodeling Post-Frame Buildings, 91  
  Four-foot High Plywood Liner, 91  
  Four-foot High Concrete Wall, 92  
  Movable Grain Walls, 93  
  Bin Rings, 93  
Managing Grain in Storage, 94  
  Moisture Content, 94  
  Grain Temperature, 94  
  Aeration Systems, 95  
  Fines, 99  
  Grain Peaking, 100  
  Grain Unloading, 100  
  Insect Protection, 100  
  Monitoring Grain, 101  
  Safety Practices, 101

## **CHAPTER 6 SAFETY AND HEALTH IN GRAIN DRYING, HANDLING, AND STORAGE, 103**

Overall Planning, 103  
Equipment Quality and Automation, 104  
Planning for Fall Prevention and Protection, 104  
Grain Condition as a Safety Issue, 106  
Grain Condition and Reclaim Systems, 106  
Entrapment Hazards of Grain, 107  
Planning for Possible Grain Bin Entry, 108  
  Lock-out/Tag-out, 108  
  Lifelines, 108  
Planning for Machinery Safety, 110

Planning for Maintenance, 111  
Planning for Dust and Chemical Hazards, 111  
Planning for Safety around the Facility, 112  
Planning for Emergencies, 113  
OSHA Standards and the General Duty Clause, 114  
Safety Management, 114

## **CHAPTER 7 AUTOMATION IN GRAIN DRYING, HANDLING AND STORAGE, 117**

Grain Handling, 117  
Grain Dryers, 117  
Grain Storage, 117  
Temperature Monitoring, 118  
Inventory Management, 120  
Example of Automation in a Large Grain Facility, 120  
  Truck Receiving, 120  
  Grain Receiving, 121  
  Control Room, 121  
  Grain Loadout, 121  
Safety, 121  
Complete Management Systems, 125  
Advantages of Automation, 125

## **APPENDIX**

Conveyor Distances, 127  
  Inclined Conveyor Example, 128  
  Gravity Spout Examples, 128  
Storage Volume Tables, 130  
Grain Moisture Relationships, 134  
Harvesting Capacity, 137  
Air Static Pressure, 137  
Sizing Motors, Pulleys, and Belts, 139  
  Motors, 139  
  Pulleys, 139  
  Belts, 140  
Conversion Factors for Grain Systems, 141

## **GLOSSARY, 143**

## **REFERENCES, 147**

## **RESOURCES, 148**

## **INDEX, 149**
